Subject: [EWMBA] Enrollment for Problem Finding/Problem Solving (PFPS)

TheBerkeleyMBA
EVENING & WEEKEND PROGRAM

Dear Students:

This email details the enrollment process for Problem Finding, Problem Solving (PFPS) for the Fall 2014 semester. Here are the next steps:

PFPS Sections
There are currently 3 sections of PFPS offered. Each section has a capacity of 30 students.

Course Number	Start/End Date	Time	Location
EW200P.1	Mon-Fri, 8/18 – 8/22	6-9:00PM	iLab, Memorial Stadium
EW200P.2	Thu, 9/25 – 10/23	6-9:30PM	iLab, Memorial Stadium
EW200P.11	Sun, 9/21 – 10/19	9AM-12PM	iLab, Memorial Stadium

Sign up request in OLR
Log into OLR and select the "Fall 2014 PFPS Sign-Up" process. You will be asked to rank your PFPS section preference in order (from #1 to #3). You can rank all 3 sections in order of your preference, or you can rank fewer if you'd prefer. Only rank sections that you will be able to attend.

Based on your ranking, and the number of seats available in each section, the system will enroll students into one section of PFPS, starting from choice #1. Only your ranked preference of PFPS sections will be used to determine your section placement. Those students who don't get into one of the three sections of PFPS will be placed on a waitlist. Please note that PFPS will be offered again in Spring and Summer 2015.

Timeline for PFPS Sign-up
The PFPS enrollment will be live on **Monday, May 5th 9 AM and will run until Monday, May 12th at 9AM.** You will receive confirmation by the end of the day on Monday, May 12th of your assigned PFPS section.

Graduation Requirement
A reminder that PFPS is a required course for graduation. The Program Office advises students to complete the PFPS course by the end of the second year in the program.

Let us know if you have any additional questions.

Thank you,

Courtney
