

# Seminar in International Business

## South Africa – Spring 2019

EW MBA298S.1: SIB South Africa (2 units)

Instructor: [Mark Rittenberg](#)

Seminars in International Business ("SIB") are designed to introduce EW MBA student participants to the culture, history and business environment in various countries. Each SIB program focuses on a country and illustrates how business environments vary across cultures. These programs do not focus on specific industries; rather, by examining a variety of companies and industries, the goal is to develop a broader perspective of how business is conducted in a particular region of the world.
