

Experience
2009-present

Cleantech to Market (C2M), Haas School of Business, University of California Berkeley **Berkeley, CA**
Founding Director

- Developed unique national program to advance climate change solutions while training emerging leaders. Students from 20+ graduate programs at UC Berkeley collaborate on commercialization studies for technologies from premier universities, government programs, and private incubators (e.g., UC Berkeley, MIT, U.S. Department of Energy, California Energy Commission, Cleantech Open, Cyclotron Road, etc.). C2M has guided over 300 innovators & 400 graduate students through its innovation process, resulting in a 55% commercialization rate, \$140M in funding, 300 jobs, and “who’s who in cleantech” alumni community.

2007-2009

Exergy Consulting **Corte Madera, CA**
Principal

- Developed utility sustainability program, redesigned low-income energy efficiency programs, and conducted strategic planning for a large sustainable community.

1999-2006

Pacific Gas & Electric Company **San Francisco, CA**
Vice President

- *Scope:* Customer programs; annual budget \$850M, 8,000 employees; \$1.2 billion in clean energy incentives.
- *Clean Energy:* Led the largest utility energy efficiency, demand response, low emission vehicle and retail solar programs in the US. Programs included the Pacific Energy Center & Stockton Energy Training Center.
- *Strategic Planning:* Led executive-level strategy teams on integrating renewables, automated demand response, and plug-in vehicles with smart grid technologies.
- *Leadership Development:* Mentor, coach and instructor for Executive Development Program (directors), Leadership Academy (directors & managers), and Leadership Development Initiative (front line employees).
- *Leadership Tools:* Extensive coaching and development at all corporate levels using 360 feedback, Leadership Architect cards, MBTI, FIRO-B, HBDI, and Senn Delaney process.

1995-1998

Director

- *Power Generation:* Led regulatory team on electric industry restructuring. Created first generation of reliability contracts for new California Independent System Operator. Assisted sale of PG&E’s power plants.
- *Gas & Electric Transmissions:* Led business, financial and regulatory planning team for gas & electric transmission business units.

1992-1994

Clean Air Attorney

- Saved utility customers \$850M by amending California air quality laws to facilitate the adoption of more innovative cleantech. Provided equal air quality protection while lowering retrofit & operating costs.

1988-1991

McCutchen, Doyle, Brown & Enersen **San Francisco, CA**
Environmental Attorney

- Pioneered “first of their kind” environmental cases in air, water and hazardous waste.

Education

1987 **University of California Berkeley, Boalt Hall School of Law** **Berkeley, CA**

- JD; Editor-in-Chief, Ecology Law Quarterly; US 9th Circuit Court of Appeals, Hon. Harry Pregerson.

1981 **University of California Santa Cruz** **Santa Cruz, CA**

- BA Environmental Studies and BA History; Highest Honors.

Awards

- **Haas “Club of Six”** for excellence in teaching (multiple years); among top faculty for embodying Haas Defining Principles (beyond self, students always, confidence without attitude, question status quo).
- **Berkeley-Haas 2013 Best Case Award** for case study on clean tech commercialization.
- **Over 75 awards for clean energy programs, including:**
 - Energy Star Sustained Excellence, US EPA & DOE 2006.
 - Environmental & Economic Leadership, California Governor’s Office 2005.
 - Energy Star Partner of the Year, US EPA & DOE 2003.
- **Top “40 Under Forty” Attorneys in the United States**, National Law Journal 1995.

Affiliations

- **Environmental Resilience Accelerator** to address climate change adaptation issues.
- **UC Berkeley Innovation Council** to support Berkeley entrepreneurship.
- **Berkeley Energy & Resources Collaborative** to support student activities in these fields.
