b-ready for bCourses! It is the learning management system replacement for bSpace

In Spring 2014, campus began the transition to bCourses, Berkeley's new Learning Management System (LMS) powered by Canvas. Educational Technology Services (ETS) is here to guide campus faculty and students in the adoption of bCourses. As of Summer 2015, 100% of courses sites have been migrated from bSpace to bCourses.

The left sidebar contains a list of navigation options: Home, Files, Announcements, Syllabus, Modules, Discussions, Grades, Chat, People, and Media Library. A large green arrow points from the 'Media Library' link in the sidebar to the text 'Find your course videos here' in the main content area.
